

A breeze brings

0. Choose your instrument: Arp, Mel, or Harm!
1. Gentle **downbeat** to start.
2. **Left Hand** (my right), **Palm Up**:
Increase Volume slowly with 'u' key (no auto-repeat?).
3. Watch for gesture to slow down or speed up crescendo.
(speed up gesture: wave to "come over here",
slow down gesture: wave away)
4. **Right Hand** (my left), **Palm Up**:
Increase Brightness ('k' key). Listen for clipping!
5. **Right Hand** (my left), **Palm Down**:
Reduce Brightness ('j' key).
6. **Left Hand** (my right), **Palm Down**:
Reduce Volume ('r' key). (Also reduce brightness to 0.)
7. **Arms Wider**: Turn up reverb ('m' key).
Continue to reduce volume to balance increase from reverb.
8. **Arms Lower**: **fade out**.
